

## **ACADEMIC OBSTETRICIAN & GYNAECOLOGIST (MATERNAL FETAL MEDICINE)**

Department of Obstetrics & Gynaecology – Division of Maternal Fetal Medicine  
Queen's University

The Department of Obstetrics & Gynaecology, Division of Maternal Fetal Medicine, Queen's University is seeking a qualified obstetrician gynecologist who has Maternal Fetal Medicine (MFM) fellowship training for a Geographically Full-Time (GFT) position. Qualified applicants must have an MD (or equivalent), and Royal College of Physicians and Surgeons of Canada specialty training in Obstetrics & Gynaecology and subspecialty fellowship training in MFM. Given the Department's academic and research expectations, a clinician scientist with a postgraduate degree (ie. Epidemiology) is required. The successful candidate is expected to assume the Divisional Chair position of MFM. Candidates must be eligible for licensure with the College of Physicians and Surgeons of Ontario.

The successful applicant will be expected to contribute to the educational and scholarly activities within the department. Preference will be given to applicants whose CV and letters of reference can attest to the applicant's ability to work in an interdisciplinary and collaborative environment; and to contribute to both the clinical activity of the Division and the academic productivity of the Department.

The Division of Maternal Fetal Medicine at Queen's University has two members, who have busy clinical practices and contribute to the administrative, educational and research activities of the Department. There is an excellent fully accredited residency training program and all Departmental Members are expected to participate in the undergraduate and postgraduate medical training programs at Queen's University. The clinical program is based at the Kingston Health Sciences Centre, Kingston General Hospital.

Queen's University is located in historic Kingston, on the shores of Lake Ontario with a population of 125,000, and a catchment area of 500,000. The city offers a unique blend of a small urban area lifestyle combined with excellence in education, geography and entertainment.

The University invites applications from all qualified individuals. Queen's is committed to employment equity and diversity in the workplace and welcomes applications from women, visible minorities, Aboriginal peoples, persons with disabilities, and LGBTQ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority.

To comply with federal laws, the University is obliged to gather statistical information as to how many applicants for each job vacancy are Canadian citizens / permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: "I am a Canadian citizen / permanent resident of Canada"; OR, "I am not a Canadian citizen / permanent resident of Canada". Applications that do not include this information will be deemed incomplete.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation

during the interview process, please inform us and we will make arrangements. All qualified candidates are invited to apply; however, Canadian citizens and permanent residents will be given priority.

Review of applications will continue until the position is filled.

Please direct applications including curriculum vitae, and the names and addresses of three referees, in confidence to:
